LANTANA
CONTROL

GIANT RAT'S
TAIL GRASS

AQUATIC WEED &
DAM SPRAYING

SPECIALISTS IN WEED MANAGEMENT

LANTANA CONTROL

Lantana invades pastures, creek lines
and bushland, reducing productivity
and restricting access.

Ideal for:

- ✓ Steep hillsides & gullies
- ✓ Creek banks & fence lines
- ✓ Rocky & timbered terrain
- ✓ Large scale infestations

BEFORE

AFTER

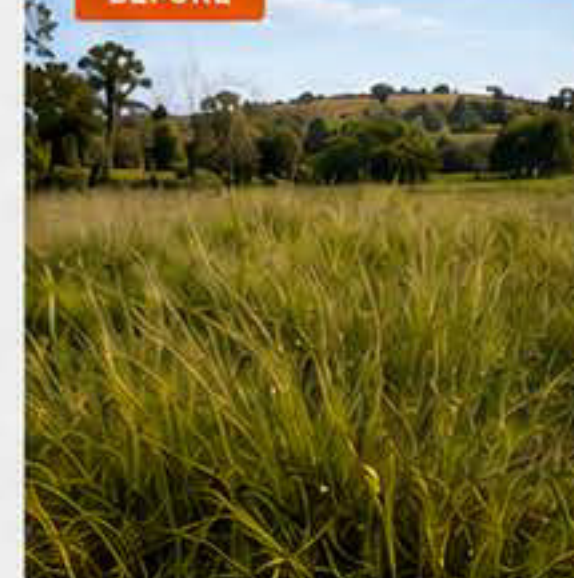

GIANT RAT'S TAIL GRASS

Early intervention is key to stopping
Giant Rat's Tail Grass from spreading
across valuable grazing land.

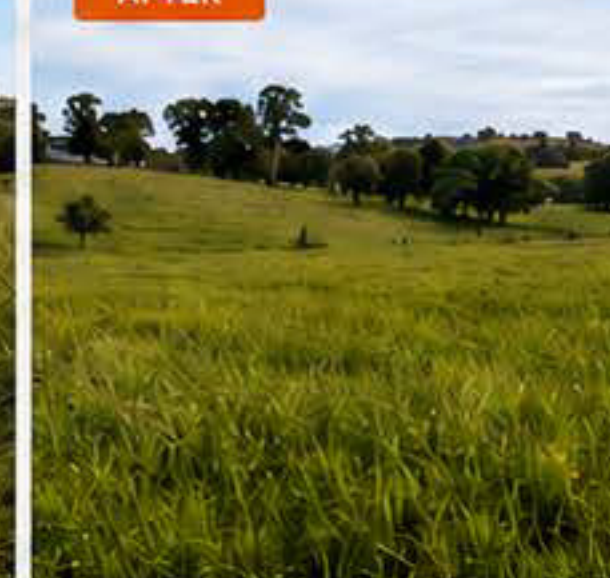

Ideal for:

- ✓ Spot spraying & outbreaks
- ✓ Large paddocks & rough country
- ✓ Fence lines & road sides
- ✓ Difficult access areas

BEFORE

AFTER

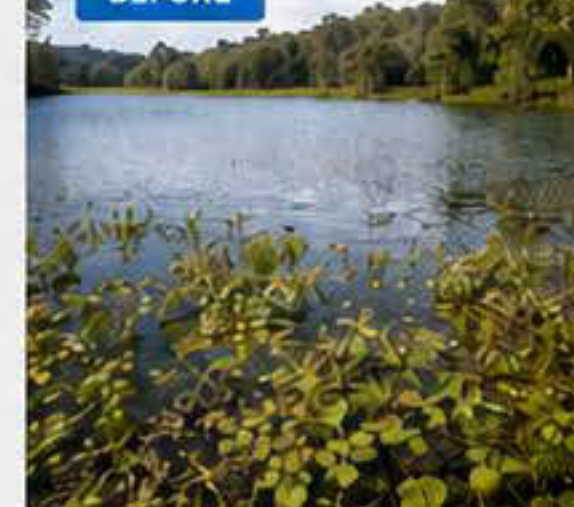

AQUATIC WEED & DAM SPRAYING

Safe and effective control of approved
aquatic weeds in and around waterways
and farm dams.

Ideal for:

- ✓ Farm dams
- ✓ Irrigation storages
- ✓ Ponds & waterways
